Power BI
AWS
Azure

ABOUT ME

I am very passionate about learning about new technologies and I have the capability of interacting with different types of people, working together as a team with a good team spirit. I am Skilled in various programming languages, frameworks, and libraries. I Have a better understanding of OOP and Database concepts, Data Structures and Algorithms, and Software Architectures with Design Patterns. My goal is to make a positive impact on the industry and society through my knowledge and skills. To achieve that goal, I am seeking an opportunity for an internship.

EDUCATION

B.Sc. (Hons.) in Software Engineering July 2021 - Present

University of Kelaniya, Sri Lanka.

- **Domains: Data Science and Engineering Application |Net-Centric Application |Business Engineering Application**
- **Current GPA - 3.20**

GCE Advanced Level (GCE A/L 2019)

Ruhunu Wijayaba College, Tangalle.
Physics - C
Chemistry - B
Combined Mathematics - B
General English - A

WORK EXPERIENCE

Software Tester Jan2023- Present

Nadalabs, Sri Lanka.

As a diligent tester, I am responsible for thoroughly testing software functionalities and reporting any identified bugs by creating comprehensive tickets on Jira. Additionally, I actively contribute to the scrum meetings, where I present the weekly testing results. My tenure at Nadalabs has provided me with a high level of proficiency in using essential software tools, such as Jira, AWS, and Azure services. I have also gained valuable experience collaborating with professional development team

Trainee Bank Assistant Jan2020-July2021

Peoples Bank, Walasmulla.

I have worked in saving, loan, and pawning section during the trainee period and I have experienced working with bank staff and people.
